Projects

Sorting Visualizer | github.com/glendonintendo/sorting-visualizer | glendonintendo.github.io/sorting-visualizer/
- Learning tool that allows users to experience crisp visualizations of different sorts. Users may use the intuitive controls to stop the animation, step slowly through the animation, change the animation speed, and more!
- Tools: React, JavaScript, HTML, CSS, ChakraUI

Shop-Shop | github.com/glendonintendo/shop-shop | secret-dusk-57501.herokuapp.com/
- Full stack e-commerce application that allows users to easily find and order a variety of products.
- Tools: React, Mongoose, GraphQL, Stripe, BCrypt, Apollo, JSON Web Tokens (JWT), Redux

Deep Thoughts | github.com/glendonintendo/deep-thoughts | warm-depths-82390.herokuapp.com/
- Social media clone that allows users to sign up/login, add friends, and view, create, delete, and reply to posts.
- Tools: React, Mongoose, GraphQL, BCrypt, Apollo, JSON Web Tokens (JWT)

Experience

Financial Aid Counselor II, University of Texas at Austin - Austin, TX   November 2019 - July 2021

Key Accomplishments:
- Evaluated student aid eligibility within guidelines of federal, state, and institutional law and policy
- Managed communication between front counter and eligibility team members for workflow and assignments
- Updated external forms and processes to reduce burden on students to complete financial eligibility processes

Academic Programs Coordinator, University of Northern Colorado - Greeley, CO   August 2017 - June 2019

Key Accomplishments:
- Created departmental residential dialogue program connecting with 68% of all residents in first year
- Conducted departmental benchmarking assessment and analyzed data to inform departmental changes
- Coordinated academic peer mentor program reaching hundreds of residential students
